

# The Shuttle

28/03/25

Today we're saying farewell and good luck to our lovely teaching students:  
Miss Doane, Miss Whitmore, Miss Yould and Miss Lenton

It has been an absolute pleasure having them here with us and we have seen them all develop and grow so much! We are sure they will become the most wonderful primary school teachers when they have finished their training!

## BEHIND THE SCENES THIS WEEK!

It's been such a busy week with so much going on behind the scenes! We have all taken part in more training designed to support children with ASD. Some have completed Safer Recruitment training, which is designed to ensure only the best and safest staff get to work here at Thurlstone. Some have also completed their refresher Designated Safeguarding Leader training - a requirements that makes sure there are experts on site to ensure processes are in place to keep your children safe. Work is also going on behind the scenes developing our English and maths curriculum offers.

**BUSY, BUSY BUSY!**
